*Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It's been written in a remarkably easy way in fact it is only right after I finished reading this book in which basically changed me, modified the way I really believe.*

This item is printed on demand - Print on Demand Titel. - Diploma Thesis from the year 2008 in the subject Business economics - Banking, Stock Exchanges, Insurance, Accounting, grade: 1.0, Swiss Finance Institute (Bankmanagement), course: Executive Program, 49 entries in the bibliography, language: English, abstract: The global banking sector is currently undergoing fundamental changes. Banks face new challenges created by socio-economic and political developments and the potential of new information and communication technologies. Competition has risen to formerly unknown levels and active management of costs has become an ongoing tasks. Unlike the manufacturing industries most banks still cover large parts of their value chain by themselves. Lead by Anglo-Saxon institutes global banks have started in recent years to use the advantages of globalization by splitting up their value chains and by offshoring selected functions to countries offering wage differentials. According to experts banks have just started to create their global sourcing model, so that the offshoring volume is projected to increase further. While most banks have started their offshoring initiatives with IT functions, business process offshoring and even knowledge process offshoring have now become the main drivers of the move to the key offshoring locations like India, China and Eastern Europe. Banks from Switzerland have been spectators to the global move towards a global delivery model for many years. Only its two large global banks UBS and Credit Suisse have started offshoring initiatives yet trying to catch up with their global competitors. They face challenges especially from the legal and regulatory side, which are specific to offshoring from Switzerland, and have to balance cost discipline with keeping the high standards in quality, security and confidentiality, which are the base for the high reputation of the Swiss banking market....
