Createspace, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.My Personal Directory is a simple, yet highly effective way to manage the important details you are expected to remember on a day to day basis. Unlike a daily journal or planner, it can be used for years to come instead of just one year. First, the 12 months are printed for use in keeping track of your friend s and family s birthdays and anniversaries every year. Next, the Internet Directory allows you to manually keep track of web sites you sign up for, along with password, pricing, and other information. Space for 208 accounts, alphabetized, is provided. Finally, the standard Address Book pages give space for safely saving contact information including phone, email, address, birthday and notes for 316 contacts, alphabetized. Many pages are filled with blank Notes. These are for your important notes. Depending on the amount of space required, you can use these for listing account numbers for creditors, emergency information for your utilities provider, life goals, or whatever you need to record. Lined pages are also included in the back to allow additional space to create custom lists. 223 pages.
