

Fac Operations 1965-1970

By Office of Air Force History and U S Air

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.In Part I of this two-part study the author traced the development of the role of the forward air controller through the early years of the war in Southeast Asia (1961-1964). The function of the air controller, however, was not unique to this conflict. Air strikes had been directed by American controllers, operating from the ground as early as 1927, when U.S. Marines supported the government of Nicaragua during its civil war. FAC s were again used by both the Axis and Allied powers during World War II, proving extremely effective in directing air strikes for both sides. During the Korean War a new wrinkle was added when the forward air controller moved into the old T-6 pilot trainer aircraft and became airborne. These controllers, known as Mosquito FAC s. found it much easier to see the target area from the strike pilot s perspective. thereby improving their control capability. Moreover, the FAC was able to observe enemy activity much better than a ground observer, who was limited by the nature of the terrain. Following the Korean armistice,...
