After the Alphabet

By Richhi Ross

Trafford Publishing, Canada, 2012. Paperback. Book Condition: New. 280 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.After teaching my grandson the alphabet, I looked for the next logical step, two letter words. Not finding any resource, I created my own flash cards, but comprehension was missing. So I added a word for two letter word phrases. This helped somewhat, but my daughter s illustrations made it an easy sell to my grandson, who would pick this book as his favorite every time. After the alphabet provides the next logical step after letter recognition. Having taught your child the alphabet, individual letter recogtion, what next? Two letter recognition of course. The concept of words is the challenge that must be overcome. The book does exactly that, by providing a simple easy to understand and common two word phrase with a soft on the eyes illustration. Each two letter word is the same color to demonstrate its importance. Each left page is blank for your personal use of reward (stars or stickers) and further phrase use and illustration. This book makes learning fun and successful.

Reviews

Without doubt, this is actually the greatest work by any writer. It is actually written in simple terms instead of confusing. I found out this ebook from my i and dad recommended this pdf to understand.

-- **Kristy Dicki**

It is just one of the most popular ebook. It is written in simple words and not confusing. I am just happy to tell you that this is actually the finest ebook i have got read inside my very own existence and may be the greatest ebook for at any time.
