Excerpt from The War in Cartoons: A History of the War in 100 Cartoons by 27 of the Most Prominent American Cartoonists At first cartoons dealt largely with politics but within recent years the tendency has been to broaden their scope. Since 1914, cartoonists everywhere have been drawing very largely on the war subjects. Every phase of the struggle has been covered in the millions of war cartoons. Never in history has there been presented so splendid an opportunity for cartoonists to demonstrate their power. One can not do credit to a powerful Springfield rifle if one has nothing but squirrels at which to shoot. Cartoonists, too, must have subjects worthy of their weapon in order to demonstrate their ability. The war furnished great subjects and great cartoons resulted. A higher standard of ideas and execution was speedily developed. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
